PASSAGE SERIES™

ALUMINUM ACCESS RAMP

PASSAGE SERIES™ ALUMINUM ACCESS RAMP

Our all-in-one ramp kits provide a fast, simple, and safe ramp solution up to 10' in length.

Providing you safe passage over steps and bumps around your home, these ramp kits are easy to install so that you can use them in no time.

The Passage Ramp Kits are packaged with everything you need for straight ramping in lengths of 4', 5', 6', 8' and 10'. They contain National Ramp's strong handrail design for added stability and peace of mind. The top and bottom transition plates help you to enter and exit the ramp smoothly.

With the extra traction of National Ramp's extruded tread surface and the convenience of the 100% aluminum construction, the Passage Ramp Kits are the easiest way to get a simple and secure ramp.

GET YOUR PASSAGE SERIES™ RAMP TODAY AND GET THE EASY RAMP SOLUTION
